

# 1950 West / Frontage Road Impacts

As part of the Utah County I-15 Corridor Expansion (I-15 CORE), crews will extend a drainage culvert that crosses underneath 1950 West between 1600 South and 900 South in Springville. 1950 West will be closed at Dry Creek, just North of 1600 South for approximately four months. This work is expected to begin the week of March 14.

We recognize this work will be inconvenient and encourage you to visit our website or subscribe to weekly e-mail updates for more information.

Please see above for a map detailing the closure locations and alternate routes.

Sincerely,  
The I-15 CORE Team
